

EXAMPLE ONLY

4 x 8 Engraver Order Form

There are more than 500 4x8 pavers with bronze engraving plates available to honor living and deceased veterans of all services and dates of service.

Memorials may be as simple as listing the veteran's name, a branch of service, rank or title and dates of service - to adding other service-related details on the maximum four-line rectangular bronze plate. Each line has a maximum 24-character count; text, symbols and spaces all count as one character. All engraving is in upper-case. Fill in the order form information for the number of lines desired. All inscriptions are subject to review and approval by the memorial paver coordinator.
