INSCRIPTIONS

Inscriptions may be as simple as the veteran's name, branch and dates of service on the four-line rectangle bronze plate - to adding a meaningful service emblem and service-related details on the larger seven-line round bronze plate. All inscriptions should be respectful. The Heritage Chapter will review all submissions before sending them to the engraver.

The pavers have been installed in a special design. Each paver has an indentation matching the shape of the bronze plate.

The engraved plates will be glued into the pavers

with an industrial-grade adhesive. The intent Is to dedicate all new engraved plates in a ceremony at the

plaza on Vietnam War Veterans Day each year in March. Contact us at 325 450-4476 for more info.

WEYANDT-EDDY MEMORIAL PLAZA

GOODFELLOW AIR FORCE BASE WING HEADQUARTERS

A Vietnam War replica EC-47 "Electric Goon" was dedicated in front of the Norma Brown building on Oct. 28, 2005. It sits in tribute to the intelligence, surveillance and reconnaissance mission that has been the Goodfellow training focus since 1958. The EC-47 Airborne Radio Direction Finding History Exhibit was opened inside the Norma Brown building on July 25, 2014. The 988-paver design was dedicated and memorialized as the Weyandt-Eddy Memorial Plaza on March 25, 2022.

Weyandt - Eddy EC-47 Memorial Plaza

Heritage Chapter Freedom Through Vigilance Association March 25, 20

It is envisioned that this plaza will be a place to honor living and deceased veterans from all the branches of the military and periods of service. It will be available as a setting for special ceremonies as well as a sanctuary for quiet reflection. Engraved replica "Keepsake" plates made from metallic colored ABS plastic material are now available for a small fee when ordered with a memorial plaza bronze plate. A San Angelo company engraves them using the same information provided in individual inscription orders. Each Keepsake plate is then handled separately from the bronze plate program. See the order form for pavers and Keepsake plates inside this brochure.
